NITIN GAHLAUT

Full Stack Developer

nitingahlaut81@gmail.com 9917214470 Noida, U.P. https://www.linkedin.com/in/nitingahlaut https://github.com/nitingahlaut1

PROFESSIONAL SUMMARY

Results-driven full-stack developer with 2+ years of experience building scalable web applications and leveraging AI tools to accelerate development with precision and efficiency.

EXPERIENCE

Full Stack Developer — Meetri Infotech August 2023 – Present

- Engineered vendor, operations, and e-commerce portals with end-to-end frontend and backend implementation, improving scalability, performance, and operational efficiency.
- Directed and engineered an applicant tracking system (ATS) to streamline recruitment workflows, including candidate management, interview scheduling, feedback tracking, and selection/rejection processes, thereby improving hiring efficiency and operational management.

Full Stack Developer Intern — Virtusa May 2023 – August 2023

- Led a team of 10 members in developing an e-commerce application as part of an internship project, contributing to frontend and backend development, product management, cart functionality, and order workflows.

EDUCATION

Uttaranchal Institute of Technology (UIT) — B.Tech CSE with AI & ML | GPA: 9.71 August 2019 – June 2023

SKILLS

Programming Languages: JavaScript · C++ · TypeScript
Frameworks & Libraries: React.js · Redux · Node.js · Express · Next.js · Nest.js · REST API · Prisma · Sequelize
Databases: PostgreSQL · MongoDB
Tools & Technologies: Git · GitHub · Postman · Docker · CI/CD · Azure · TanStack Query

PROJECTS

LIVLONG | Next.js, Node.js, PostgreSQL, AWS
Vendor/operations/e-commerce portal (IIFL) designed and developed from scratch, handling end-to-end frontend and backend workflows to support product management, operational processes, and business activities.

NxResume | Next.js, Redux, Tailwind, Vercel, LangChain https://resumebuilderng.vercel.app/
AI-powered resume builder with customizable templates, ATS score analysis, and intelligent job-description-based keyword optimization to enhance resume effectiveness.

ATS | Next.js, Nest.js, PostgreSQL, Microsoft
Applicant tracking system designed and developed to streamline recruitment workflows, including candidate management, interview scheduling, feedback tracking, and secure authentication processes.
